Cough! and Cough!! and Cough!!!

What in the world is the reason you will cough and keep coughing and still keep trying inferior medicines when BEGG'S CHERRY COUGH SYRUP will positively relieve your cough at once? This is no advertising scheme, but an actual fact, and we guarantee it. W. H. Chedic, Druggist.

A Word to the Wise.

He—Won't you come out rowing with me?
She—O, I don't dare to!
He—Why, it's all right if you sit perfectly still.
She—I know it; but where's the fun?

So they decided to go down to Olcovich Bros. and do some trading. People find it to their advantage to buy Shoes, Dry Goods, Groceries, etc., at Olcovich Bros., and then their prices are so low it is almost a pleasure to do so.

Among the incidents of childhood that stand out in bold relief, as our memory reverts to the days when we were young, none are more prominent than severe sickness. The young mother vividly remembers that it was Chamberlain's Cough Remedy cured her of croup, and in turn administers it to her own offspring and always with the best success. For sale by G. C. Thaxter.

How Can Parents

allow their children to cough and strain and cough and calmly say: "Oh! it's only a little cold," and keep giving them cheap and dangerous medicines, until they are down with lung fever or consumption, when they can be so easily relieved by BEGG'S CHERRY COUGH SYRUP? It has no superior and few equals. W. H. Chedic, Druggist.

What on Earth

Is the reason people will not, cannot, or do not see any difference in cheap nos trums put up by Cheap John houses or irresponsible parties at enormous profits, rather than take a medicine of world wide reputation and one that is giving universal satisfaction at equal price? No medicine in the world is giving such unparalleled satisfaction for purifying the blood as BEGG'S BLOOD PURIFIER & BLOOD MAKER, and every bottle that does not do its work, will cost you nothing. W. H. Chedic, Druggist

Mason Valley farmers are wintering stock this year very cheaply.
Knapp & Laws have dissolved partnership at Hawthorne, Knapp continuing the business.
It is now claimed that Reed is ready to meet the silver men half way during the present session.
The style of job work now being turned out at the APPEAL office is giving satisfaction to all parties and bringing in lots of new orders.
Go to Will Wright for a good Photo. He is still at Peterson's gallery over Thaxter's store turning out cabinets at \$5 per dozen in cloudy or fair weather. n25

At the Carson Guard meeting on Monday evening the appointment of non commissioned officers was postponed for one week. The old Trustees were reappointed.

Mr. J. Fitzgerald of San Francisco is in the city, and is arranging to get up an attractive bird's-eye view of Carson City. It is high time that Carson City began to advertise its face to the world and throw aside its modesty.

The Examiner is interviewing the preachers to find out their opinion of Heaven. Only one of the lot had sense enough to say he really knew nothing about it. Why don't they detail Allen Kelly the bear catcher to visit the place?

Rene and Virginia subscribers to the APPEAL are continually finding fault with the way the APPEAL reaches them. We are tired of answering letters on the subject and refer all subscribers in these two towns to the U. S. Postal Department.

There seems to be some misunderstanding over the decision in the Palmico-Garrison case at Hawthorne. Both sides claim the victory and both sides are drinking champagne and celebrating the event. It's elegant to have things so thoroughly harmonious.

The ladies of the St. Peter's Guild will give a social party on Thursday evening, Dec. 12th, at Armory Hall. Dancing to commence promptly at 8 o'clock. Refreshments will be served during the evening. There will also be a number of Christmas novelties for sale. d4td

Monday afternoon at about half past four o'clock, John S. Gularte, while taking two cars of lumber through the Collar dump tunnel fell off, landing between the wall of the tunnel and the track with his left shoulder and head on the rail. The wheels of the end car passed over those parts of his body, crushing them horribly and killing him instantly. It is supposed by some that he was struck on the head by some of the tunnel timbers, and by others that he slipped and fell.

In a recent article in the Youths Companion, on "How to cure a cold," the writer advises a hot lemonade to be taken at bed time. It is a dangerous treatment, especially during the severe cold weather of the winter months, as it opens the pores of the skin and leaves the system in such condition that another and much more severe cold is almost certain to be contracted. Many years constant use and the experience of thousands of person of all ages, has fully demonstrated that there is nothing better for a severe cold than Chamberlain's Cough Remedy. It acts in perfect harmony with nature, relieves the lungs, liquifies the tough tenacious mucus, making it easier to expectorate, and restores the system to a strong and healthy condition. Fifty cent bottles for sale by G. C. Thaxter.

ADVICE TO MOTHERS. — Mrs. Winslow's Soothing Syrup should always be used for children teething. It soothes the child, softens the gums, allays the pain, cures wind colic, and is the best remedy for diarrhoea. Twenty five cents a bottle.

Indian Stabbed.

Washoe Joe a half brother of Pix was stabbed by an Indian known as Sam Lewis, in Chinatown, yesterday afternoon. He was brought up town and a wound found in the back over the left kidney. He was unconscious and pronounced in a precarious condition by Dr. Lee. The Indians seem to think they can save him and he was kindly taken to the camp by Herb Robinson and Charlie Kelly. If the Indian dies his people threaten to hunt out his assailant and kill him.

LEAD ORES.

Congressman Bartine IntervIEWS the President on the Subject.

WASHINGTON, December 2.—Congressman Bartine, of Nevada, who was elected a delegate to the Silver Convention at St. Louis, found it impossible to get away to attend the meeting. Mr. Bartine has taken an active interest in the Speakership fight and has given it particular attention in the interest of the coast. It was absolutely necessary that he should be present at the caucus yesterday, and he gave up all idea of going West. Mr. Bartine had an interview with President Harrison yesterday in relation to the decision recently made by Secretary Windom on lead ore.

The President showed himself very favorably disposed toward the lead-predicging States, and admitted the justice of the complaints made by the representatives of those States over Mexican and Canadian competition. He said, however, that it was a rule with the Administration not to disturb the rulings of its predecessors, and that he could not, therefore, make any recommendations in his message. He thought the best thing to be done with the matter was to secure from Congress legislation bearing so thoroughly upon the tariff upon this subject that there could be no misconception on the part of any of the departments.

The Christmas "Appeal."

The APPEAL proposes to get up an extra holiday edition for free distribution among the people of Douglas county. A copy will be sent to every family in Douglas county free. Enough holiday advertisers have already given orders to make the number a success. Many advertisers complain that Carson papers are not sufficiently circulated in the country. In future the APPEAL proposes to see that there is no longer any grounds for this complaint by printing extra free editions for the benefit of advertisers.

All advertisements handed in between now and the 10th are insured a place in the holiday edition.

A Bubbe tsiek Building.

The specifications for the new Indian School Building are faulty in the extreme and if the building is erected according to the plans, no Indian will live in it.

It will be put up with 24 foot scantling 3x4 and these slim sticks are not set into the joist but merely rest upon it. Such a building can be but little else than a Buddensiek shell that will collapse at the first good gale that comes down the canyon. Indians do not like houses anyhow and the moment one begins to rock they will leave it. The contractors are powerless in the matter as they must build according to the Government specifications.

EAGLE MARKET.

Beef, Lamb, Mutton, Veal, Sausage, Etc

My facilities for purchasing good beef are second to none in the State, and [unclear] can always be assured of the best in the market. This market was the first in this city to introduce the cold storage process, by which meat can be kept a week in the hottest weather. Our cold storage room is the largest and most perfect in the State.
